

FISCHER & RECHSTEINER

INTERNATIONAL FORWARDERS SINCE 1870

150
YEARS OF FORWARDING

**COMPANY
PROFILE ←**

→ It was the year 1953 when Fischer & Rechsteiner was established. On the 29th of April ofquite a long time ago, but not so far away at the eyes of the persons who were present at the time and who lived in first person those years.....but the story had started in 1870!

OUR STORY

We have been operating in Italy since 1953 for an intuition of the main founding partner Giancarlo Riva (born 1927) together with Fischer & Rechsteiner SA of Chiasso who granted the use of its historical name.

From an initial simple and small office in Lecco we have gone to be a well structured forwarder with a turnover of € 25mil and a team of 100 people divided into 4 location in Italy and four foreign subsidiaries. Added to this is the same Fischer & Rechsteiner SA, which we acquired in 2015, thus becoming owners of a historic brand operating in the international forwarding branch worldwide since 1870.

Our medium size allows us to operate on selected markets by offering a personalized and qualified service to our clients, relying on trust our customers (small companies as large) have in us, and through an international network of qualified and preferential agents, carefully chosen throughout the years.
